GRANT, NE 69140

Dear Irrigators and Landowners:

Enclosed is your 2017 water usage report. The report contains your water use in 2017 and each year during the recently completed 2013-2017 allocation period, in addition to your total remaining carry-forward (unused allocation) and available allocation during the current, 2018-2022 allocation period, recently approved by the board of directors.

Please note the "Pending Penalty" and "2018-2022 Use w/o Penalty" columns of the report. The pending penalty is the amount of carry-forward or allocation you are subject to losing for using more than 7.5" of carryforward from 2013-2017 or, for those who lacked carry-forward, using more than the allocation during that time. It is called "pending" because you can prevent the reductions: If water use at the end of the new, current allocation period is equal to or less than the amount shown in the "2018-2022 Use w/o Penalty" column, the penalties won't be imposed. This is due to rules approved several years ago that state if one uses less than the allocation, carry-forward or allocation scheduled to be deducted under the 2-1 penalty for overuse can be restored.

Average, per acre, water use in the District in 2017 was approximately 12.6 inches per acre.

With regard to other NRD issues, neither the Rock Creek nor NCORPE augmentation projects are currently being operated. If either is used at all in 2018, it won't be until late this year or early 2019. This is primarily due to new, common-sense agreements between Nebraska and Kansas that should lessen augmentation pumping in Nebraska while also meeting Kansas' needs. Additionally, a legislative bill carried by state Sen. Dan Hughes of Venango during the recently completed legislative session will help solve tax-related issues related to both augmentation projects.

Thank you and please feel free to contact NRD staff with any questions or concerns about the enclosed usage report. Mike Nesbitt oversees usage for Perkins County, Cooper Bollman for Chase County, and John Lemon for Dundy County.

Sincerely,

Jasper Fanning
General Manager
