What Our Clients Are Saying...

Mattison Ference

"When mom passed away we children decided to sell the home that had been in the family for over 70 years. We ultimately chose Hayden Outdoors with Mattison Ference as lead salesperson to handle the sale. Mattison made suggestions and helped us to prepare and display the outside appeal and inside warmth of the Sears built home. The open house and numerous personal walk through showings along with the online presence gave the property local and national exposure.

This was done while still juggling the schedule of the on going ByWay House business. The effort came to fruition when a friendly retired couple from California decided to purchase the house and make Ord their home. Mattison navigated the emotional waters of three siblings transferring one families home to another family with the understanding and maturity of a seasoned agent. We were very satisfied with Mattison's professionalism and results and would recommend her if you are needing the services of a real estate agent to sell your home."
