What Our Clients Are Saying...

Casey Mayer

"First I want to give a brief history of trying to sell our property. My wife (Sheri) and I had been trying to sell our property on our own for about 3 years. Then we met Casey Mayer, a New Mexico Broker working under Hayden Outdoors. We contacted Casey by way of Brent Hedrick in Colorado, also a Hayden Outdoors Broker. After meeting Casey we decided we needed her experience and drive to help us get our property sold. Sheri and I noticed right off that Casey is one of a kind first as a person and second, had the knowledge and drive of selling property that we desperately needed. We decided to list our property with Hayden Outdoors which was a wise decision for us. A week or so after the property listed we had a serious buyer. As we worked through the selling process Casey was always on top of any issues that arose and we had many issues selling a 5 generation ranch. I can't expound enough of the tremendous professionalism and knowledge she has in her line of business. There was no problem too big to resolve. Also, Casey has a great family to support her work. It is a pleasure knowing them. They are great assets to their community. If there is anyone in New Mexico who is looking to sell their property, Sheri and I highly recommend Casey Mayer and Hayden Outdoors to get the job done."
