About This Property:

This 79.69 +/- acre farm is a mix of hay, a variety of hardwoods, and gently sloping terrain. Surrounding this tract, you will find open pastures so the wooded area on this farm will hold those big whitetail bucks! Multiple areas will be ideal for planting a variety of food plots for the wildlife. There are also several travel corridors for the whitetail to travel in so the possibilities of treestand placement could be endless! An electric line runs along the north end of this property if you desire to build a cabin or legacy home. This acreage is a short 10 miles Southwest of Topeka and it is very convenient to travel to, yet still own a place that is private and peaceful. Call the listing agents now for a qualified showing. This parcel will not last long!
