Property Summary

This winter view comes to life in the spring. The fenceline along the road is filled with wild plums & mustang grapevines. There are a variety of trees including oak, elm, cedar, mesquite and mulberry. The open field on the western portion was graded with connecting properties in the 80s, giving many years for the soil to have settled, helping prevent heavy washout common with TX storms & keep it fairly level.

Land

2-acre lot treed in the road front to keep the graded back half private, perfect for new home with great privacy.

Wild plums & mustang grapevines. There are a variety of trees including oak, elm, cedar, mesquite and mulberry.

Agriculture

Deer & other wildlife frequent this patch of land, making it a beautiful spot for a home or getaway with large, open fields around it.
