**Surveyor's Narrative:**  
This survey was performed at the request of Rob & Melba Wiggins to adjust the parcels as shown. Section control corners were located, verified and held as shown. The SE 1/4 was broken down into aliquot parts according to the BLM Manual. The deed was calculated and rotated along the North boundary of the NE 1/4 SW 1/4 for Parcel 3. The property line was then established at the client direction. The basis of bearing for this survey was established by GNSS observations, projected to the Idaho State Plane Coordinate system, West Zone, NAD83 datum. All bearings shown are on grid azimuth and all distances are ground at project elevation.
